

COBOL and Mainframe Training Resources

Interskill - <https://www.interskill.com/course-catalog/curr-COBOL.html>

ProTech - <https://www.protechtraining.com/training/browse/ibm-mainframe-midrange-isv-products/cobol>

Udemy: <https://www.techrepublic.com/article/learn-cobol-with-these-online-training-courses-and-tutorials/>

LinkedIn Learning: <https://www.linkedin.com/learning/learning-cobol/welcome>

IBM and the Open Mainframe Project: <https://github.com/openmainframeproject/cobol-programming-course>

IBM DeveloperWorks: <https://developer.ibm.com/technologies/cobol/>

Introduction to COBOL on Tutorialspoint (probably helps to be somewhat computer literate before going through): <https://www.tutorialspoint.com/cobol/index.htm>

A fast-paced tutorial on YouTube, including links to a visual COBOL runtime environment: <https://www.youtube.com/watch?v=TBs7HXI76yU>

Getting started with Mainframe COBOL on Pluralsight:

<https://www.pluralsight.com/courses/cobol-mainframe-getting-started>

Not COBOL, specifically, but IBM Z, in general, IBM offers a three-month training program through Coursera (currently free): <https://www.coursera.org/professional-certificates/ibm-z-mainframe>

The ECC (Enterprise Computing Community) has a number of member schools that work together with corporate partners to develop mainframe oriented curricula: <https://ecc.marist.edu/partners>
